## 22378 VEGAN PROTEIN BAR DISTRIBUTION BUSINESS – ECOMMERCE & WHOLESALE OPPORTUNITY

This business retails and wholesales unique vegan protein bars that inspire a healthier life for busy people and promote well-being for all ages, all whilst tasting great!

With a 5-star health rating, the protein bars are all-natural and contain wholefood ingredients. They are made using a cold-pressed process, which keeps all the nutrients in the product. This sets the business apart from others who bake their products, burning off important nutrients in the process.

The unique packaging and shape allow the product to stand out in the market, as well as it being the only vegan bar with 15 grams of protein per serve. The owners have worked hard on the flavours to make sure the taste exceeds expectations all whilst setting up artwork, packaging, eCommerce, social media, couriers, wholesale relationships, insurance, SEO, and much more.

Highly flexible, this business is currently home operated in New South Wales with the majority of orders sourced online as well as wholesale partnerships being established with suppliers, retailers, gyms, and overseas companies in the Middle East, Kuwait, and UAE.

Currently in negotiation with Woolworths and registered to join the Naturally Good event in June, there are massive opportunities to meet and work with all the big retailers. This is a regretful sale as the owners must focus on other commitments.
