## MEDICAL OXYGEN & SLEEP APNOEA EQUIPMENT RETAILER – SOLD

Unfortunately, you have missed this one.

Boasting a large clientele consisting of hospitals, aged care facilities, football clubs, city councils, and medical centres, this lucrative oxygen and sleep apnoea equipment retailer is primed and ready for a new owner to step in and capitalise on its existing popularity!

Offering a diverse range of retail products such as oxygen concentrators, cylinders, CPAP machines, masks, nebulizers, tubing, and much more, the business has become the go-to in the community for medical oxygen equipment and is renowned for fantastic service. With an estimated 2.5 million Australians or roughly 10% of the population currently suffering mild to moderate sleep apnoea and many more breathing issues, this business is in extremely high demand and is showing no signs of slowing down.

Strongly positioned in a thriving regional city in Southern New South Wales, the store is highly regarded throughout the region and is able to tap into a population that continues to increase. With plenty of room for on-site parking, the business is easily accessible in a central area to simplify visits for customers. The business also delivers to local institutional clients such as hostels and nursing homes that provide frequent repeat business and sales.

Boasting a modern web presence and a cemented reputation within the industry, the retailer receives an abundance of phone enquiries in addition to referrals from existing clients and professionals.
