## 23230 STRONGLY REGARDED TELECOMMUNICATIONS WHOLESALER – PROFITABLE & FLEXIBLE

Looking for a business that can offer a strong passive income whilst operating in one of Australia's fastest growing markets? Wanting to spend more time focusing on your interests whilst remaining location independent? If the answer is YES, then look no further than this established telecommunications wholesale business with an already cemented industry reputation!

Specialising in the wholesale of telecommunications products such as NBN, mobile, data, and voice services to smaller resellers who often lack the expertise to offer the products at volume, the business is able to service a niche pool of resellers with minimal customer service required. With resellers secured across Australia, the business is able to tap into a lucrative clientele nationally that continues to grow each year.

Easily operated from a remote office, the business is able to provide a working owner with incredible amounts of flexibility to work from home or on the go. With the current owner only needing to spend 1-2 hours per day in the business with no staff needed, the business is optimised to create a fantastic work-life balance whilst maintaining profitability.

Boasting a slick modern website that consistently generates online enquiry, the business ranks highly when searched with a perfect 5-star rating to accompany an abundance of client testimonials. Fully set up to ensure a smooth transition of ownership, all of the hard work building this passive earner has already been done for you. Don't miss out on your chance to cash in!
