Unfortunately, you have missed this one, but keep looking as we have plenty of other great businesses for sale – bonzabfs.com.au/businesses-for-sale/

If you're in the market for a successful courier business, then look no further! This well-established firm has been operating since 2014 and has built a solid reputation for providing a first-class logistics service to customers in and around the greater Melbourne area.

With same-day delivery services, this courier business fills the gap in the market for time-sensitive shipments, while also offering next-day and 2-3-day delivery frames for remote areas. The business provides B2B freight services as well as B2C, making it a versatile option for a wide range of industries. The types of freight transported include auto parts, medical equipment, documents, industrial and engineering products, frozen food, condiments, flowers, wines, gifts, and personal items from online shopping.

The business is currently managed by the owner and three staff members who handle business administration and logistics. In addition, transportation and logistics are supported by 10-12 subcontractors, creating a strong and reliable network. Boasting secured relationships with major B2C companies and a loyal customer base, the current owner has set everything up for regular repeat business.

The central location of the warehouse/depot is a major advantage for this business, providing easy access to the city and the suburbs. With longstanding and trustworthy relationships with customers, which have been fostered over years of reliable service, all of the hard work has been done. Communication
