Are you ready to take the reins of a well-established and forward-thinking tax accounting business? Look no further! We present to you a unique opportunity to acquire a cloud-based tax consultancy that has been successfully operating for an impressive 17 years.

With a client base spanning from Mandurah to the other side of Perth, the new owner can operate from anywhere in the Perth region. The business is designed to offer convenience to clients through virtual meetings via Zoom or the option for in-person consultations. Most new clients are acquired through Google, reflecting the business's success in the digital realm.

This business is entirely cloud-based, utilising industry-leading platforms such as Xero for tax, BGL for superfunds, and CAS for company files. As the new owner, this enables you to maintain a competitive edge through efficient operations and improved client services.

Furthermore, the current owner collaborates with two dedicated accountants on a contract basis. They bring their own clients, creating a mutually beneficial arrangement. This network amplifies revenue streams, with contractors receiving 80% of the fees generated by their clients. This business has been growing consistently year after year. With a solid foundation and a robust client acquisition strategy, the potential for further growth is vast.
