GROWING ICE CREAM & SORBET WHOLESALER - SOLD

Unfortunately, you have missed this one.

A unique opportunity has arisen to acquire an award-winning ice cream wholesale business operating for over a decade. The business specialises in supplying a comprehensive range of premium products to a broad spectrum of clientele, including hospitality and tourism venues, performing arts centres, general stores and independent supermarkets. Their offerings include both dairy ice cream and dairy-free sorbet, available in convenient sizes of 150ml single-serve cups and 500ml take-home tubs, all of which are gluten-free.

Distinguished by its commitment to quality, this business proudly sources its ingredients from Victorian dairy producers and Australian-grown fruit, ensuring a delicious flavour profile. Moreover, with a keen eye towards sustainability, the packaging is crafted from plant-based materials, making it commercially compostable and aligning with environmentally conscious mandates against single-use plastics.

Operating as a small regional brand, this business is a niche alternative to larger industry players, catering to a loyal customer base primarily in regional Victoria. What sets this opportunity apart is its remarkable flexibility – the owners currently manage operations from the comfort of their home, leveraging a network of reliable contractors for manufacturing, freight and distribution.

Primed for global growth, the existing manufacturing facility holds export licensing, facilitating straightforward access to international markets. With a robust online presence and proven profitability, this turnkey operation is primed for expansion.
