34508 PROFITABLE HYDRAULIC/INDUSTRIAL HOSE MANUFACTURING & SERVICING BUSINESS

Are you ready to step into a well-established, highly profitable business? Here's your chance to own a reputable business specialising in the manufacturing and servicing of hydraulic and industrial hoses. Known for their top-notch expertise in supplying, repairing, and fitting hydraulic rams, motors, and pumps, this business is a cornerstone in the industry.

Conveniently located on the main road of an industrial estate, this business enjoys easy accessibility for clients and suppliers alike. One key factor that sets this business apart is its secured national and state supply agreements, which ensure a consistent flow of customers and steady revenue streams. Their diverse services include on-site hose containers for the mining sector, in-house repairs and installations of hydraulic components, and supply and installation of auto-greasing systems.

Over the course of 14 years in the industry, the current owners have fine-tuned the operations, making the business highly efficient and profitable. They have built a strong customer base and a solid reputation, making it an attractive investment opportunity for prospective buyers.

As the current owners are now looking to transition and slow down after years of success, this presents an ideal moment for new ownership to step in and continue the legacy of this thriving business. With room for scalability and growth in various sectors within the hydraulic and industrial services market, this opportunity shouldn't be missed.
