PROFITABLE NICHE BUSINESS - NSW HORTICULTURAL INDUSTRY - SOLD

Unfortunately, you have missed this one, but keep looking as we have plenty of other great businesses for sale!

Are you seeking a profitable business that also provides a fulfilling lifestyle? Your search ends here! Located in a picturesque rural area on the NSW North Coast and operating seasonally from March to October, it provides the owners with the perfect balance of work and leisure, granting four months off each year for holidays or other activities. For the past 15 years, this business has demonstrated consistent growth, thanks to its locked-in client base and stellar reputation in the industry.

The skills required to operate the business are non-technical so previous experience is not necessary. An interest in horticulture or food technology would be an advantage but not essential. Fully documented operating procedures will make a seamless handover to the new owners.

The business thrives on repeat customers who value its reliability and quality of service. The location itself adds to the appeal, offering a tranquil and lovely environment that perfectly complements the nature of the work.

Beyond its established success, the business holds significant growth potential. For the right person, there is ample opportunity to introduce additional income streams and further expand its offerings. The potential for further growth is only limited by the enthusiasm of the new owner.

The current owner, ready to retire, presents a seamless transition for a new entrepreneur to step into a well-oiled machine.
