35225 PROFITABLE RECYCLING & WASTE MANAGEMENT SOLUTIONS BUSINESS

Here's a rare chance to own a revolutionary waste management business, established almost a decade ago, that has taken clean tech to new heights. This award-winning business is making waves with its innovative recycling solutions and strong community partnerships. Specialising in a single industry, this business has become a prominent leader in sustainability, helping clients reduce waste and become true champions of eco-consciousness. With a proprietary waste management system and a custom-developed app, this business is ready to keep driving change and make a lasting environmental impact.

Focused on saving the planet through teamwork and innovative technology, this business has built a loyal client base committed to sustainability. Working with dedicated partners, the business diverts up to 89% of waste from landfills, significantly reducing environmental impact and standing out as a unique force in the market. Each client is supported with a personalised waste management bin system that maximises efficiency and minimises waste.

The business operates from the owner's home office on the Sunshine Coast, with warehouses in Queensland and Victoria. These warehouses operate solely as transition hubs for sorted waste, requiring no onsite visitor traffic and keeping operations streamlined. With a well-known brand and strong online presence, the business has built a reputation in its niche that positions it perfectly for further expansion. The owner dedicates just two days per week to the business, with a skilled team managing day-to-day operations, creating an ideal work-life balance.
