35074 AUSTRALIA-WIDE ONLINE SHED SALES BUSINESS – PROVEN PROFITS

Get ready to step into a thriving online business with the freedom to work from wherever suits you best! This well-established business specialises in selling top-quality shed kits across Australia, making it an ideal opportunity for someone seeking both profitability and flexibility.

With a loyal customer base, consistent repeat orders, and a steady stream of referrals, this business has carved out a strong and trusted presence in the market. Included in the sale is a comprehensive design program complete with custom engineering options, allowing you to deliver products precisely tailored to customer needs.

One of the standout advantages here is the secure financial model: customers pay in full before receiving their sheds, ensuring minimal financial risk and a stable cash flow. Plus, each shed kit is backed by a robust 25-year manufacturer warranty, giving customers that extra peace of mind and reinforcing product value.

There's also huge potential for growth! Offering full installation services could attract a wider market segment, while the business's existing partnerships with concrete installers and a company that handles council approvals provide a smooth path to operational success. These established relationships not only streamline operations but also open doors for further referral opportunities.
