35314 HEALTH PRODUCTS ECOMMERCE BUSINESS - WORK FROM HOME!

Here's your chance to own a thriving, work-from-home business that combines a passion for health and wellness with a niche market that's showing incredible growth potential. This e-commerce business specialises in handmade health products that are not only loved by online customers but are also wholesaled to 60 stores across Australia. The business is ready for someone who wants to take it to the next level or simply enjoy a steady income with a flexible schedule.

The products are already well-established with a loyal customer base, and the website and social media accounts provide a solid foundation for future growth. With the current suppliers based mainly in Victoria, there's an excellent opportunity for expansion—whether that's scaling the product range or reaching new markets.

As a sole owner-operator, this business provides an ideal mix of flexibility and low overheads. The daily tasks are straightforward and enjoyable, with the current owner maintaining a steady income while working just 20 hours a week. There's plenty of room for growth for the right person—put in more time, and you'll see greater rewards. Plus, if you're looking to scale, hiring staff is a great option to help drive further success.

With steady, consistent inbound sales for the past two years without any outbound marketing, this business is truly a gem. Customers, including loyal stockists, love the products and return regularly, building lasting relationships within the natural healing community.

Key Features:

Low overheads and flexible hours - operating from home
