BONZA

35452 NATIONALLY REGISTERED NDIS SERVICE PROVIDER - LOYAL CLIENT BASE

Looking for a rewarding business opportunity with heart? This well-established and profitable Registered NDIS Provider is now on the market! Specialising in providing support services to people with disabilities, this business goes beyond just assistance – it brings fun, inclusivity, and empowerment to the lives of its participants. With a strong emphasis on the underserved LGBTIQ+ community, this niche provider has built a loyal, long-term client base.

Operating in Brisbane and surrounding suburbs, this business is also nationally registered, offering the flexibility to provide telehealth or Support Coordination services across Australia. In fact, during the COVID-19 lockdowns, it successfully provided telehealth services to regional Victoria, proving its ability to adapt and expand. Despite having no online presence, the business has grown entirely through word of mouth – meaning there's huge potential for growth with a website or social media presence. Plus, with strong advocacy work leading to increased NDIS plan budgets for participants, this business is well-positioned for continued success.

The business has been operating with a strong financial surplus and was deliberately kept at its current capacity. However, the opportunity to scale up is immense – whether by expanding services, increasing participant numbers, or employing additional staff. It's perfectly suited for a sole operator or a small partnership, offering complete flexibility in working hours and business direction.

Key Features:

- Nationally registered NDIS provider with telehealth and Support Coordination capabilities.
- Focus on the underserved LGBTIQ+ community with a loyal, long-term client base.

Price	\$399,000
