35498 PROFITABLE AUTOMOTIVE GLASS REPLACEMENT & REPAIR BUSINESS

This cracking business has been keeping windscreens chip-free and customers smiling for years! Specialising in automotive glass replacement and repair, they tackle everything from tiny chips to full-on smash jobs across all types of motor vehicles. But it's not just about swapping glass – their ethos is to always repair first, saving customers cash and winning loyalty in the process. It's no surprise they've built a strong base of repeat retail customers who love the service so much, they can't help but tell their mates.

Every day brings something new, from a mobile callout to a regular popping in for a quick fix – there's never a dull moment. The business is in a brilliant spot on a main road with great visibility, making it a breeze to find. There's easy access from both the front and rear, plus a workshop that's kitted out for drive-through jobs. Better still, it's situated close to popular retailers, giving customers plenty to do while their vehicle gets the VIP treatment.

Online, they're no slouch either – with a professional website and active social media presence that keeps customers engaged and enquiries flowing in. The business is owner-operated with a solid team of staff already in place, and the current owner is more than happy to stick around for a smooth transition if desired. Mobile services are delivered from well-equipped vans, giving the business flexibility and reach beyond the workshop floor.
