You will be welcomed into a much loved community and have the opportunity to be your own boss and create your own flexible lifestyle while changing peoples lives.

Not only is this business profitable but all the hard work has already been done, no extra money to spend and comes with everything you could ask for:

- Large, modern space with very cheap rent
- High quality equipment and more classes on offer than the closest competitor
- Currently providing group classes, personal training and children's programs
- Large, loyal member base which is continually growing
- Full social media profile with a large following, maintained website and electronic booking/membership system

Fantastic location, offering plenty of parking and easy access. Create the perfect healthy lifestyle amongst an abundance of outdoor activities, beautiful scenery and the friendly, like minded community.

Classes are currently run by the owners and two casual trainers who share the sessions, allowing for plenty of time to do the other things in life that you enjoy.

Although sales continue to rise you have the opportunity to further increase profit in this business. You could immediately reap the rewards with a review of the membership prices as there has never been an increase in the 6 years of operation. You could also rent out the office room or gym equipment when not in use by classes to a massage or exercise physiology service.

Training can be provided, if required.
